INCURSION REQUIREMENTS

Performances:

- A minimum **performance space** of 4x4 metres, excluding audience.
Let us know what the space is like – is it a big gym, carpeted area, library space etc? – and we can let you know what will work best.
- For primary school performances, please speak to *Make A Scene* regarding student seating arrangements prior to the performance. ***Make A Scene strongly recommends*** younger children (Preps & Grade 1s) sit with older students or buddies – in our experience this makes the show more enjoyable for everyone and engages the older students.
- *Make A Scene* recommends that students sit on the floor if the performance space is not elevated. *Make A Scene* may not always use the elevated stage area available, so please advise us about your space beforehand.

Workshops:

- **90 minutes for the workshop.** The workshop facilitator will arrive approximately 15 minutes prior to set up.
- A cleared and adequate space for a practical workshop.
- A whiteboard if possible – but not necessary.
- A table for our Commedia dell'Arte masks.
- *Make A Scene* recommends students wear loose comfortable clothing. Please ask students to bring a pair of leggings or track pants to wear under dresses.
